

THE SPACE

On the ground floor, The Shop offers a social retail space with a range of high-quality Japanese goods, installations and displays, while The Stand serves a variety of authentic refreshments from Japan. The Travel Zone, with publications on all regions of Japan, is also located on this floor. The first floor is home to Japanese restaurant AKIRA and our private Tatami Room, and on the lower ground floor, you can find our Gallery, Hall and Library.

The spaces are available for hire for a full day, half day or evening. For the times, please refer to the venue hire page on our website. As part of our offer, all bookings include a dedicated event manager, AV tech support, Wi-Fi and standard event furniture.

The spaces are all fully AV-equipped, offering multiple solutions for your event.

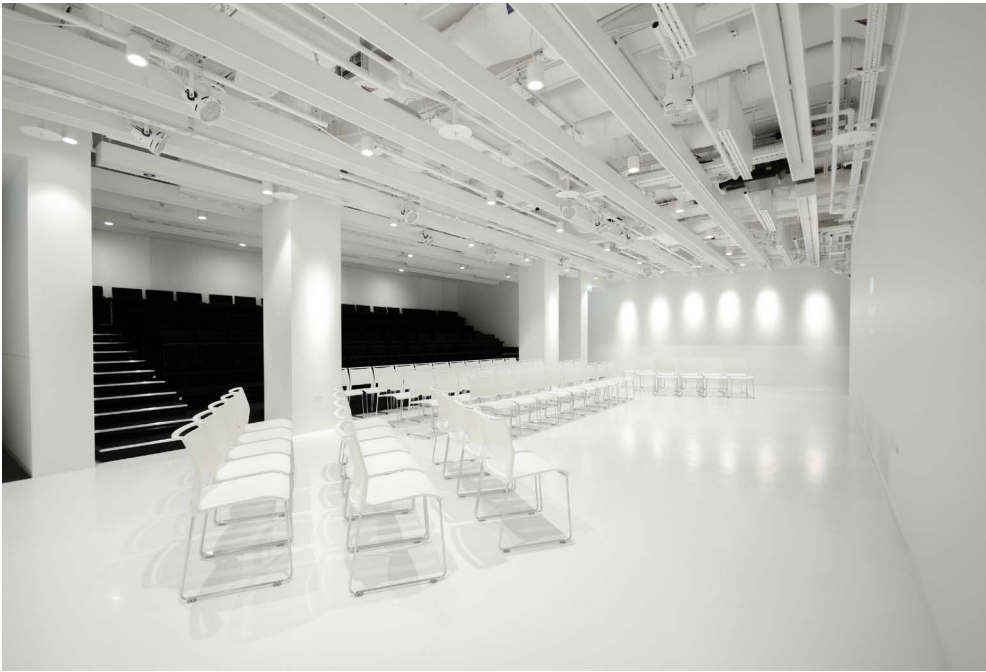

HOW TO FIND US

DIMENSIONS: 15 × 9.8m x H3.15m

The Hall

The Hall is a transformable room, offering a contemporary and clean space with endless possibilities. It is ideally suited for conferences, performances, dinners and fashion shows. With retractable tiered

seating and a large built-in screen, the space is AV-equipped to a high specification. A white curtain conceals the tiered seating when stored away, transforming the room into the perfect blank canvas.

DIMENSIONS: 6 × 3.7m

The Library

Located in the central area between the Gallery and the Hall, the Library offers a new approach to appreciating and engaging with books. Its size lends itself to meetings and more intimate events.

The space is also suitable for talks, workshops and tastings.

ORIGAMI

Origami is the art of folding paper, turning a plain object into anything that one imagines. The spaces at Japan House London reflect perfectly this principle of *origami*. Thanks to their minimalistic aesthetic, users can transform the spaces into whatever they envisage with ease.

The square tile of paper below is for you to try out some *origami*. Please feel free to remove it along the perforated line and have fun folding.

If it is your first time to try *origami*, you might like to scan the QR code to learn how to make an *origami* crane.

As for your event – our dedicated team is on hand to help your guests experience something new, just like this.
